WHO WE ARE

CORE VALUES

MISSION

VISION

WHO WE ARE

Complete High Road Contracting (CHRC) is a Contracting Company specialized in infrastructure and road works. CHRC was created in 2020 in order to serve the construction sector with a state-of-the-art approach to the engineering norms, specifications, and quality of the work.

We operate regionally within all emirates of the UAE, providing exceptional services to our esteemed clients for all road, earth, asphalt, landscape, and transportation needs. Our main expertise lies within the Road and Earthworks, building the foundation and infrastructure for a brighter future, one project at a time.

CORE VALUES

CHRC lives by core values that govern our work culture and allow us to deliver excellent services to all clients. Client satisfaction is of our utmost importance and to achieve this overarching goal we implement these principles in every project and communication within the company.

Quality

Our line of work demands only the best quality of raw materials and attention to detail. By keeping high standards in everything we do we can achieve innovation and progress every step of the way.

Efficiency

Given the fast-paced environment we live in nowadays, making sure we are efficient in our operations is crucial. Every employee delivers at high efficiency without compromising on quality or effectiveness.

Safety

We adopt the highest standards of safety, health, and security. Using state-of-the-art equipment and technologies we ensure the safety of our employees along with the citizens of the country using our facilities and infrastructure.

OUR MISSION

Our mission is to expand steadily through the sound training and development of our personnel, the expansion of our fleet, and the implementation of the HSE requirements. Aiming to position ourselves where our esteemed clients can depend on us for the efficiency, financial soundness, high standards of work, and timely delivery of services to meet satisfaction for clients.

OUR VISION

Our vision is to be one of the leading companies in the field of contracting works.

This is through the highly professional approach, the high standards of services, and the respected long-term relations with our clients.

MANAGEMENT

Mr. Malek Flayhan
Founder, Managing Director of CHRC

Mr. Malek founded CHRC in 2020 as a response to the market's need for innovation in the construction sector. He also acts as the company's Managing Director making sure all operations are running smoothly and clients are highly satisfied in every aspect of the project.

OUR OPERATIONS

CHRC has started its operations from the cosmopolitan hub, Abu Dhabi, with our main office situated in Musaffah. Since our launch, we have successfully partnered with over 25 official companies, advisors, and consultants. This success has allowed us to expand our operations with a newly added branch in UAE's capital, Abu Dhabi.

We are fully equipped with our own workshop for the repair & maintenance of all our machinery & equipment along with our camp facility for all our staff and laborers. We have our own store as well to keep stock of all required spare parts and perks related to our line of work.

Proudly affiliated with our sister company; CTS (Complete Trading Solutions) which is specialized in transportation and trading of building material. Effectively, this affiliation allows flexibility and power when it comes to providing the material for the projects according to the highest quality control standards and efficiency in the supplies.

Our services include Asphalt, Earth, Road, Landscape, and renting Equipment.

OUR SERVICES

1

EARTH WORK

Reallocating massive quantities of soil and unformed rocks to maintain the leveling of the construction site.

4

ASPHALT

Using the best material in the market to smoothly pave the way creating surface roadways, parking lots, and more.

2

LANDSCAPING

Increasing the functionality and value of any property by thoroughly landscaping the nearby grounds.

5

TRANSPORTATION SERVICES

Facilitating any equipment or material to the construction site with our high-end transportation vehicles.

3

ROAD

Repairing and constructing roads to allow for progress and development within the city.
